

Dashboard Design

Date	25 August 2026
Team ID	xxxxxx
Project Name	India's agricultural crop production analysis (1997-2021)
Maximum Marks	5 Marks

Activity 1: Interactive and visually appealing dashboards

The dashboard "Agricultural Production Insights" presents an interactive analysis of India's agricultural crop production from 1997-2021. It combines maps, bar charts, line charts, and pie charts to provide insights into production trends, cultivated area, state-wise production, and seasonal production. Filters for year, state, season, and crop allow users to explore the data interactively and compare different aspects of agricultural production.

Checklist-

- Clear and Intuitive layout
- Use Appropriate Visualizations
- Colours and Theming
- Interactive filters and slicers
- Responsive Design

Activity 2

Publish Dashboard on Tableau Public and Paste the Dashboard Public link below:
